

## 2024 REFERENCE TARIFFS

FROM 1 JANUARY 2024

Table 1: Haulage reference tariffs

| Charging parameter             | Units    | Varied Tariffs (\$ nominal GST exclusive) |
|--------------------------------|----------|---|
| <b>Reference tariff A1</b>     |          |   |
| Standing charge                | \$/year  | 40,101.43                                 |
| Demand charge                  |          |   |
| First 10 km                    | \$/GJ km | 169.02                                    |
| Distance > 10 km               | \$/GJ km | 88.97                                     |
| Usage charge                   |          |   |
| First 10 km                    | \$/GJ km | 0.03575                                   |
| Distance > 10 km               | \$/GJ km | 0.01801                                   |
| <b>Reference tariff A2</b>     |          |   |
| Standing charge                | \$/Year  | 22,177.58                                 |
| First 10 TJ per year           | \$/GJ    | 2.16                                      |
| Volume > 10 TJ per year        | \$/GJ    | 1.14                                      |
| <b>Reference tariff B1</b>     |          |   |
| Standing charge                | \$/Year  | 1,121.84                                  |
| First 5 TJ per year            | \$/GJ    | 4.26                                      |
| Volume > 5 TJ per year         | \$/GJ    | 3.66                                      |
| <b>Reference tariff B2</b>     |          |   |
| Standing charge                | \$/Year  | 281.53                                    |
| First 274 MJ per day           | \$/GJ    | 7.13                                      |
| Volume > 274 MJ per day        | \$/GJ    | 4.25                                      |
| <b>Reference tariff B3</b>     |          |   |
| Standing charge                | \$/Year  | 139.28                                    |
| First 5 MJ per day             | \$/GJ    | -   |
| Volume > 5 and < 27 MJ per day | \$/GJ    | 6.56                                      |
| Volume > 27 MJ per day         | \$/GJ    | 4.38                                      |

Table 2: Ancillary reference tariffs

| Ancillary reference service    | Varied Tariffs (\$ nominal GST exclusive) |
|--------------------------------|---|
| Applying a Meter Lock          | 58.23                                     |
| Removing a Meter Lock          | 31.67                                     |
| Deregistering a Delivery Point | 145.22                                    |
| Disconnecting a Delivery Point | 116.05                                    |
| Reconnecting a Delivery Point  | 164.28                                    |
| Special Meter Reading          | 15.19                                     |

### Notes

This reference tariff schedule:

- is to be read in conjunction with Annexures A and C of the Revised Access Arrangement for the ATCO Gas Australia Mid-West and South-West Gas Distribution Systems (dated 15 November 2019)
- does not supersede or amend any tariff variation or reference tariff published by the Economic Regulation Authority
